

A Winter Wine and Cheese Social

East Liberty Valley Historical Society

Wednesday, December 3, 2014

6:00 PM

200 North Highland Avenue (at Broad Street)

A free event.

The East Liberty Valley Historical Society believes in a hands on approach to teaching history, with emphasis on sharing old-time skills with younger and older generations alike.

The Society is planning a larger, “hands-on history” event and values your feedback, opinions, and suggestions.

The items below represent a small sampling of hand tools we plan to display and demonstrate: stained glass soldering iron, scissor molds for musket balls, hand-operated woodworking tools, primitive fire-starters. All are important to the development of the greater East Liberty Valley.

We invite you to join us for our Winter Wine and Cheese Social for hands on demonstrations in addition to complimentary wines and cheeses.
