

Prescription medications are some of the most commonly abused drugs in today's society; in the wrong hands these medications can cause serious injury or death. Improper disposal can also pose threats to our drinking water supply. Be a responsible consumer, dispose of your unwanted medications properly.

Do You Live in the City of Pittsburgh?

Drop off your unwanted prescription and non-prescription medications for free on October 29th between 10am & 2pm at the following Pittsburgh Police Stations:
