

Taylor Couch and the Union Project present

KIDS CLASSES PERFORMING ARTS S.T.E.A.M.

Wednesdays Aug 9 - Sept 20 (no class Sept 13!)

6pm-7pm @ Union Project

STEM plus the Arts equals STEAM! In "Kids Perform with STEAM," 3-5 year old students will get the chance to actively explore science and math concepts through the performing arts. Using observation skills, problem solving, critical thinking, and tons of imagination, our class will create their own projects, work as a team, and have a blast! Whether your creative kid wants to be an actor or an architect, this class has something for them.

Parents, drop off your kiddo then head downstairs for an hour of your own creative time in the Union Project's Ceramics Open Studio! <https://unionproject.org/arts/ceramics-open-studio>

Ages: 3-5 years old (or as parents deem appropriate)

Cost: Pay what you can (suggested donation of \$10)

***Please bring cash or check! I cannot accept cards at this time**

Class size limit: 10

Registration: Preregistration is not required! However, if a class fills up, preregistered students won't be turned away

Email taylorcouch88@gmail.com with questions or to preregister!
