"I've been using Tom for a few years now and I'm very happy with his work. He does my business and personal returns."

"Super efficient, and a nice guy. He's the only CPA that I have worked with that I feel comfortable calling about the most minor thing or major things. He's never late. He does both our company's and our personal taxes"

"He works out of his home in Shadyside (just off Alder). He is semi-retired, but he has an apprentice, a young man who will carry on the business when Phil is ready to fully retire. His fee seems very reasonable to me and I've been working with him for around 30 years."
