

Interconnectedness Series {no. 4}

Aug 15th 🦋 Bell Acres Nature Park

Join us next Saturday, August 15th, for the 4th event in our hiking series!

THE INTERCONNECTEDNESS SERIES offers a variety of techniques to explore how our world functions as a complex, dynamic whole. Each hike is co-led by an ecologist, a spiritual personality, and an artist.

GABI HUGHES of the Audubon Society of Western PA, PATTY DEMARCO of the Rachel Carson Homestead, and RYAN SIGESMUND, a Freelance Nature Photographer, will be leading this hike in the beautiful Bell Acres Nature Park.

We will be exploring environmental philosophy and deep ecology through the medium of photography. Ryan highly recommends that you bring a camera. This is open to novices — pros, and any camera is welcome.
