To review the 2010 East Liberty Community Plan's outlined values and issues pertaining to circulation and mobility; brainstorm what assets and new issues our community may have; and draft progressive circulation and mobility goals for the neighborhood!

**Q: How can the Vision positively benefit planning efforts that are already underway in the city?**

**A:** The Vision will be reviewed and integrated into the City's comprehensive 2035 MovePGH Plan.

**Q: How do we use the Vision as a tool to positively benefit our community immediately?**

**A:** The Vision will inform developers and planners of our community's comprehensive circulation and mobility needs as soon as it is complete by September 2012.

**Please Note:** *The Vision will capture the East Liberty community's voice so that it can benefit the outcome of the MovePGH Plan.
